**Additional Opportunities for District Leaders:**

**Districtwide Strategic Planning**

This four-part experience is designed for district teams who want to enhance and refine their AVID College and Career Readiness System (ACRS) for all students districtwide and helps ensure that AVID supports the success of districts in achieving their strategic plan goals.

**National Instructional Leader Academy**

This is designed for district leaders charged with setting the vision and leading the implementation of instructional services, which may include teaching and learning, curriculum, accountability, and technology.

**National Supervisor of Principals Academy**

This opportunity is perfect for district supervisors of principals to strengthen their ability to support site principals in developing strong systems of culture; ensuring equitable instructional opportunities for all students; and building a strong pipeline of future principals.
